

# **NEWSLETTER REGARDING TTRA EVENTS 2019**

Today we were contacted by the PLA to advise us that we might have 'difficulty' with the date for next years (2019) Tudor Pull, as the Vesta Veterans Head of the River Races are on the same day, and most importantly, the river will be closed to all traffic between 12:30 - 16:00 from Kew Bridge to Fulham Rail Bridge.

This happens to be the precise times and places that we must be to utilise the tide and to accommodate the delivery of the Stela to the Tower of London before they close for the day.

We have no option but to cancel the event for that day. We are now working to find another date in April or May, 2019 as the other weekends in March ALL also have Heads of the River Races that are likely to affect us.

Watch this space for notification of the new date.

Roger Gould  
Secretary for the TTRA.
